Government Degree College Majalta

A Profile

Govt. Degree College, Majalta has emerged as a beacon of hope for the marginalized communities of Jammu and Kashmir. Despite humble beginnings in a makeshift accommodation, the college has persevered to provide quality education to its students, predominantly comprising economically and socially disadvantaged backgrounds. Govt. Degree College, Majalta, was established in July 2016 by Government Order No: 242-HE of 2016, dated 05/07/2016. Initially, the college offered nine subjects: English, Political Science, Economics, Hindi, Urdu, Mathematics, Computer Applications, and Environmental Science. It had ten sanctioned posts for Assistant Professors. The college began its operations in a makeshift accommodation at Govt. Middle School, Baryalta, due to non-availability of suitable infrastructure. In its first academic session (2016-17), the college admitted a total of 10 students, primarily girls from remote areas who lacked access to higher education institutions. Currently, the college offers instructions only in the discipline of Arts and operates with two semesters. The student strength has increased to 141. Many students come from economically and socially disadvantaged backgrounds, particularly families dependent on agriculture. Due to litigation and difficulties in identifying suitable land for the college, the Higher Education Department, J&K, allowed the college to shift to a rented private building in Battal, Majalta, effective from 1st May 2018.
